Every good company begins by meeting a customer need

Thank you for the opportunity to bid for your business. Energy Control has been in business since 1978 and has established a reputation for quality. We look forward to showing you that it is well deserved. We are a team of professional engineers, certified electronics technicians and controls technicians working together to provide building automation products and services. Currently, our systems control more than 50 million square feet of facility space throughout the United States. We provide products and services to individuals, companies, government and industry.

*Energy Control is a licensed professional engineering firm in the State of Florida. Energy Control Consultants, Inc (ECCI) is a licensed design-installation-service company that provides turn-key EMCS installation and management services to over four thousand site locations. In addition to design and installation, ECCI provides web hosting and integration services to multi-site facilities throughout the U.S.

Should you have any questions concerning this quote, please contact Energy Control Technologies, Inc sales staff and support.
