Hello Alba,

Thanks for your close attention!

For 2000pcs order, the total volume is only 2.5CBM, 40 cartons, 360KGS.

As now my forwarders are off from work, I failed to get shipping charge rate by both air and sea, I think if possible, you could check this rate with your agent.

The FOB Shanghai price is USD0.88/pc, means total FOB cost is USD1760.

I think the shipping charge would be less than 150 dollars by sea.

If by air, the cost would be approx. 2200 dollars.

As the time is urgent, the order should be confirmed in this week, otherwise, the delivery date would be delayed to March early.

Pls comment and advise your idea.

Thanks and best regards,
