- Connector has a white body and blue cap; use it to provide an insulated connection for 2 to 3 wires
- Use this product with a mineral oil lubricant to create a tight seal that's resistant to moisture
- Insulated connector is designed to work with 22 to 14 AWG solid/stranded wires
- Corrosion resistance is provided by the tin plating of the element, which is constructed from high-quality brass for good conductivity
- Suitable for use in temperatures up to 221 degrees F (105 degrees C)
